

Delock USB Laser Presenter black

Description

This wireless Delock laser presenter serves as a practical helper for demonstrating presentations. It can easily be connected to a USB port using the included USB nano receiver. During transport, this can be attached to a slightly magnetic slot on the bottom side of the laser presenter.

Easy to operate

Its intuitive controls ensure a safe presentation and make handling very easy.

Simple design

Optically the Delock laser presenter convinces by its simple and elegant design.
