# Delock 10″ Cable Management Brush Strip tool free 2U black

## Description

This brush strip by Delock is suitable for installation in a 10″ network cabinet.

**Installation without tools**
The special feature of this brush strip is that no tools are required for installation in a network cabinet. The integrated mounting clips can simply be pushed outwards to lock the panel in place.

**Proper laying of cables**
The network cables are simply routed from the front to the rear, so the view of the cables inside the network cabinet is blocked and the network cabinet leaves a tidy overall impression.

**Protection against foreign particles**
The included nylon brushes prevent ingress of dust and dirt.
