

Single Gang HDMI, DP and USB Wall Plate, Metal

No.: 60217

Description

- Convenient, wall mounted AV solution for connecting various video and USB devices
- Single gang wall plate with HDMI, DP and USB ports
- Sleek, stainless steel finish
- Includes 20cm Female trailing leads for all connections
- 2 year warranty

The Lindy metal wall plate range combines a sleek stainless steel design, to compliment modern boardroom, professional home cinema, classroom interiors, and retail settings with reliable, high quality performance. Fitted to a standard single-gang sized pattress box, this is an ideal space and clutter saving solution for connecting various modern source devices with DisplayPort or HDMI connections such as media players, games consoles and PCs to projectors, digital signage and interactive whiteboards.

Wires can be neatly trunked into the wall, great for creating an engaging learning and presentation experience, or for installing a professional 'wire-free' home cinema. The USB Type B port enhances educational and working environments by allowing connection of USB printers and scanners from a distance. The included trailing leads also provides a quick and simple installation for all connections, a perfect time saving solution for professional.
